

5th EuChemS Conference on Green and Sustainable Chemistry (5th EuGSC)

VIRTUAL: 26 – 29 September 2021 - Call for Abstracts

(<https://5eugsc.org/>)

On behalf of the organizing committee of the [5th EuChemS Conference on Green and Sustainable Chemistry \(5th EuGSC\)](#), that will be held virtually **on 26th – 29th September 2021**, we would like to remind you that the deadline for abstract submission is **April 30th, 2021**.

Based on the current status of COVID-19 in Europe as well as the anticipated situation in September, **the 5th EuGSC will be held virtually**, considering the safety and health of the participants and giving the opportunity to all colleagues to attend the conference, irrespective of travel or other related restrictions.

The **5th EuGSC** is organized by the [Association of Greek Chemists](#) (AGC) and [EuChemS/Division of Green and Sustainable Chemistry](#) and offers the opportunity to discuss the latest developments in green & sustainable chemistry, to expand existing and establish new relations among academia and industry, and to disseminate the philosophy and principles of sustainable development and circular (bio)economy.

Latest updates:

- Special issues: Four special issues have been announced in [Catalysis Today](#), [Sustainable Chemistry and Pharmacy](#), [Current Opinion in Green and Sustainable Chemistry](#), and [European Polymer Journal](#).

Full papers of accepted abstracts will have the opportunity to be published, after standard peer review process of the journals. More information will be available [here](#).

- The list of Plenary and Keynote speakers is expanding and is available [here](#).
- Sponsorship and exhibition opportunities are available. Please read more [here](#).

More information and instructions regarding the submission of abstracts, deadlines, etc. are available at the conference webpage: <https://5eugsc.org/>

We look forward to welcoming you at the 5th EuGSC virtually and have a fruitful and enjoyable conference!

On behalf of the Organizing Committee,

Prof. Konstantinos S. Triantafyllidis

Chair of the 5th EuGSC

Department of Chemistry, Aristotle University of Thessaloniki, Greece
